

Electrical Assessment Tool Kit

Date: 22 September 2025

This document was developed by [Build Health International](http://www.bhioxygen.org) to support global medical oxygen infrastructure planning, site preparation, operation, maintenance, and sustainability. Additional technical resources are available at www.bhioxygen.org.

The below listed tools are recommended by BHI for conducting electrical assessments to support PSA oxygen plants. This tool kit guide is an independent document. It is not endorsed, published, or developed by any oxygen plant manufacturer. Always consult the official service manual for complete instructions, safety guidelines, and detailed maintenance procedures.
